Financial Policy

*JFCA is a self-funded program, and we rely on tuition and charitable contributions to continue the ministry. When you commit your student's attendance through the application process, this includes a financial commitment as well. When a student enrolls at JFCA, we reserve a place for the entire school year. The school makes an annual commitment to provide school resources, so we require an annual financial commitment from the family. Once tuition payments begin in April, you are obligated to pay tuition for the entire year. **Therefore, we expect that if your student leaves our school at any time, for any reason, the family will complete their tuition obligation in full.** Tuition and fees are non-refundable under any circumstance. The application fee is non-refundable as well, even in the event of non-acceptance. JFCA reserves the right to release records only when a family's financial obligations are current.*

Visa, Mastercard and American Express are accepted with an added 3% convenience fee.
